

Triple Boxes

2x6 Matrix

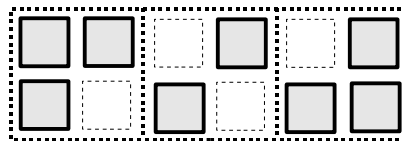

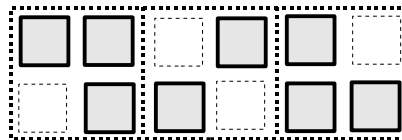

considered as three independent boxes

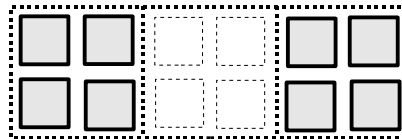

Four real dancers in center box
Two in each outer box

Two real dancers in center box
Three in each outer box

No real dancers in center box
Four in each outer box

How do you know if you are in Triple Boxes?

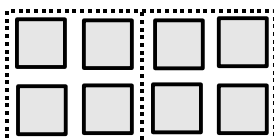

Because the caller says so!

Triple Boxes is not a specific formation – it is a concept that tells you how to group spots.

Real dancers in same spots (2x4)

Different grouping into 2x2 boxes

Caller says “Split Circulate”

Caller says “Triple Box Circulate”
